# + Invest in women leaders.

The reality remains that gender parity at the top does not yet exist in many industries. Yet countless studies indicate business are more profitable with gender-balanced leadership teams. At Scala Network, we believe that investing in the development of women leaders today will have a tremendous positive effect on our economy and future generations of women.

**Take the Lead** is a series of programs that we have developed for women who are ready to take the next step in their careers. In our Leadership Development program, you will gain awareness of your current attitudes and strengths and learn techniques and solutions that will help you to grow as a leader. Our leadership

programs are interactive and collaborative, offering interactive learning and inspiration from experienced Coaches and Mentors. In this intimate and supportive environment, we will challenge assumptions, share leadership wisdom, and learn about individual leadership styles, strengths, and personal potential.

We hope that organizations such as yours will invest in their women leaders by nominating someone to attend the Leadership Development program.

Thank you in advance for your support!

Warmest regards,

**Christina Greenberg**  
PRESIDENT, SCALA NETWORK

## + Mentors

The purpose of Scala's networking and collaborative learning model is simple:

# Ignite discussion

Our guest mentors encourage participation and conversation by:

- + Providing Fuel for Thought
- + Leading Round Table Discussions
- + Sharing Insights, Perspectives & Questions

Scala Network's mentors are the first to acknowledge setbacks and challenges in navigating their own roads to success. They share their own personal or professional anecdotes and experiences to provide real life perspective on session topics, engaging the group in conversation and creating a connectedness that deepens during the program.

Over the course of the program, you will have the opportunity to meet with each of the mentors to exchange ideas, share challenges that keep you up at night, and learn techniques to solve problems and harness your opportunities to grow as a leader.
